

Kids & Teens Parties

At The Family Table, we are focused on "bringing people together" through food and our Kids & Teens parties are no exception! We provide a fun and friendly atmosphere to celebrate your child, kid, teen or tween's (they can be a bit fussy about what we call them these days) birthday!

Your child or teen (or whatever you call them) will work with their friends to prepare and cook their own meals and even though it's their birthday, they will still learn and practice some amazing skills such as chopping, prepping, reading, numbers, cleaning up, setting the table and teamwork! All before sitting down together to spend some quality time with their friends (and family if they aren't horrendously embarrassed to have you there) to celebrate their birthday.

Kids and teens parties are great for:

- A fun party idea for your child or teen and their friends
- Learning skills that will encourage your children and teens to get into the kitchen
