

Team & Corporate Events

HI THERE,

At The Family Table, we are focused on "bringing people together" through food! At our Team and Corporate Events, you will work closely with your team to prepare and cook your own food before sitting down together to share your meal and spend some quality time together.

Your team has access to a qualified chef with specific experience in the menu you are preparing so you are able to pick their brains and ask lots of questions!

Team and corporate events are great for:

- Improving and growing relationships within teams and groups
- Celebrating team success
- Developing or improving specific skills
- Welcoming or farewelling team members
- Social club groups
- Christmas parties

Team and Corporate Events can be used simply as a team building exercise or why not try a fully facilitated workshop that is focussed on improving communication or maybe negotiation?

Let's see what your team can achieve!
